These installation instructions are valid with the above Ametrix styles.

Small, INDOOR P1R

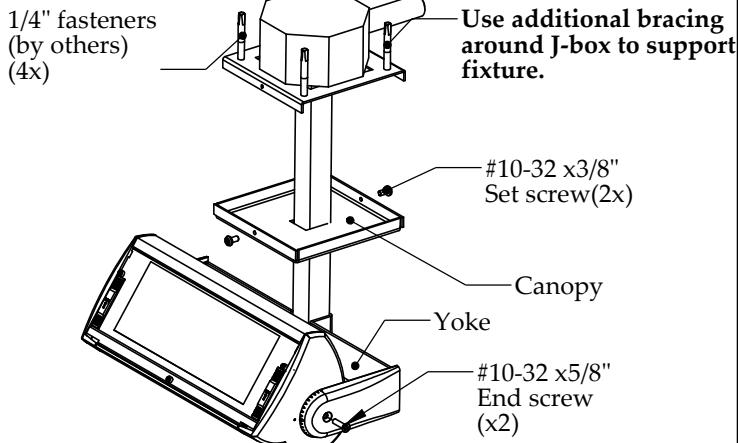

(Pendant, 1-way, Remote ballast) Visor and Non-Visor

Warning: Before starting any work ensure that all sources of power are turned off. All work must meet local/national codes and be performed by a certified electrician. **Do not** mount fixtures vertically.

Exploded view and part call-out

1

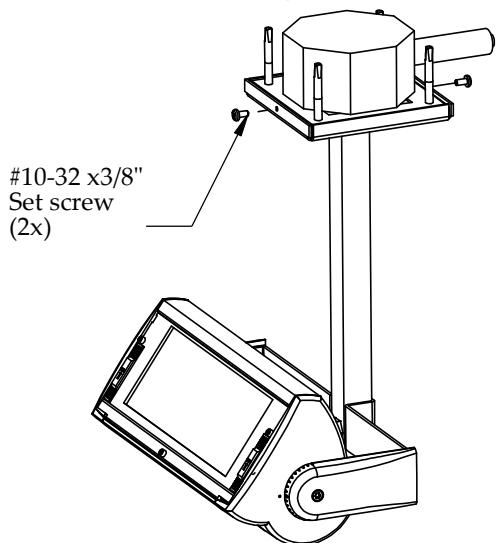

Mounting the fixture

1. Using both #10-32 x 5/8" end screws, secure fixture head to yoke on pendant and run fixture wire through pendant.
2. Remove both #10-32 x 3/8" set screws and allow canopy to slide down pendant.
3. Run wires from pendant and j-box through wiring holes in mounting plate.
4. Using appropriate fasteners, secure fixture to ceiling. **Use additional bracing around J-box to support fixture.**

2

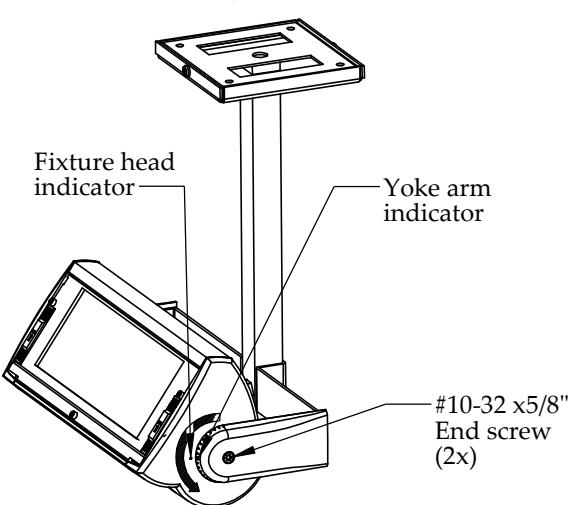

Wiring the fixture

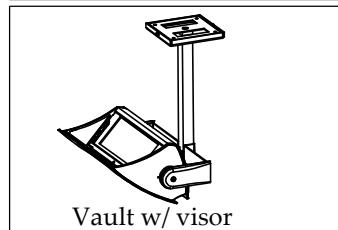

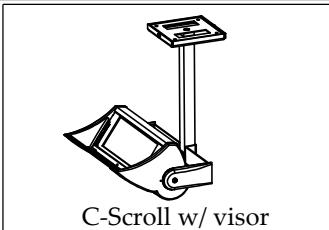

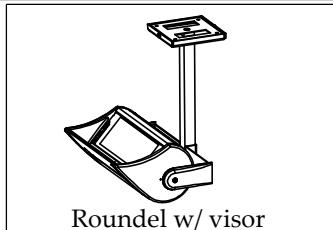

1. After securing fixture to ceiling, attach appropriate wires and ensure all connections are properly matched.
2. Push wire connections into j-box and cover mounting plate with canopy.
3. Secure canopy using both #10-32 x 3/8" set screws.

3

Aiming the fixture

1. To aim fixture, loosen both #10-32 x 5/8" end screws. When both indicators are lined up, the slope of the lens face is 40-degrees. Each subsequent notch is an additional +/- 10-degrees
2. When fixture head is rotated to desired angle, retighten end screws to secure the position.
